

What is Mixbook?

Mixbook is website for creating FREE online photobooks that can be embedded into your school blog or webpage. You can also buy printed copies of your completed books if desired.

Create an Account:

1. Go to <http://www.mixbook.com/edu>
2. Enter your information into the “Create Your Yearbook Now” window
3. Click SIGN ME UP

Note: To access your account in the future, click the LOGIN link in the top right hand corner of the window.

Welcome Screen

The Welcome Screen shows any “In Progress” books you have as well as completed books, friends lists, and photos.

MY FRIENDS- add your friends to Mixbook to collaborate on books and to share books privately.

Browse the Gallery

Click the Gallery tab and choose the EDUCATION category. Explore the various books to get ideas for things you could do with students in your classroom.

Examples:

World War I- <http://www.mixbook.com/photo-books/education/world-war-i-2785>

1st Grade Weather- <http://www.mixbook.com/photo-books/education/weather-4472819> If You Give a Cow a Shower- <http://www.mixbook.com/photo-books/education/if-you-give-a-cow-a-shower-788229>

5th Grade Science- <http://www.mixbook.com/photo-books/education/science-matters-1546482>

Bill of Rights- <http://www.mixbook.com/photo-books/education/our-rights-under-the-bill-of-rights-4504261>

[Create Mixbook](#) [Cancel](#)

Enter a Title, Description, Tags, and Category for your Mixbook.

Choose who can view the book.

Invite Contributors to your book by adding their email addresses. Those already in your network will appear.

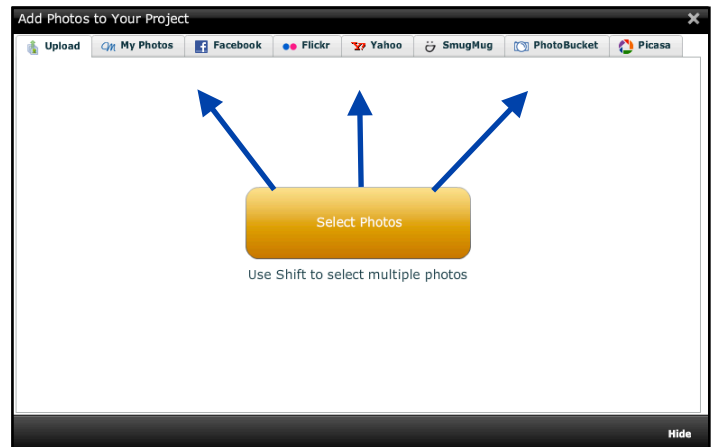

Click Create Mixbook to get started!

Choose the Size for Your Book

- * Square - 8.5 x 8.5"
- * Landscape - 14 x 11"
- * Portrait - 8.5 x 11"
- * Mini-Photo - 6 x 4"

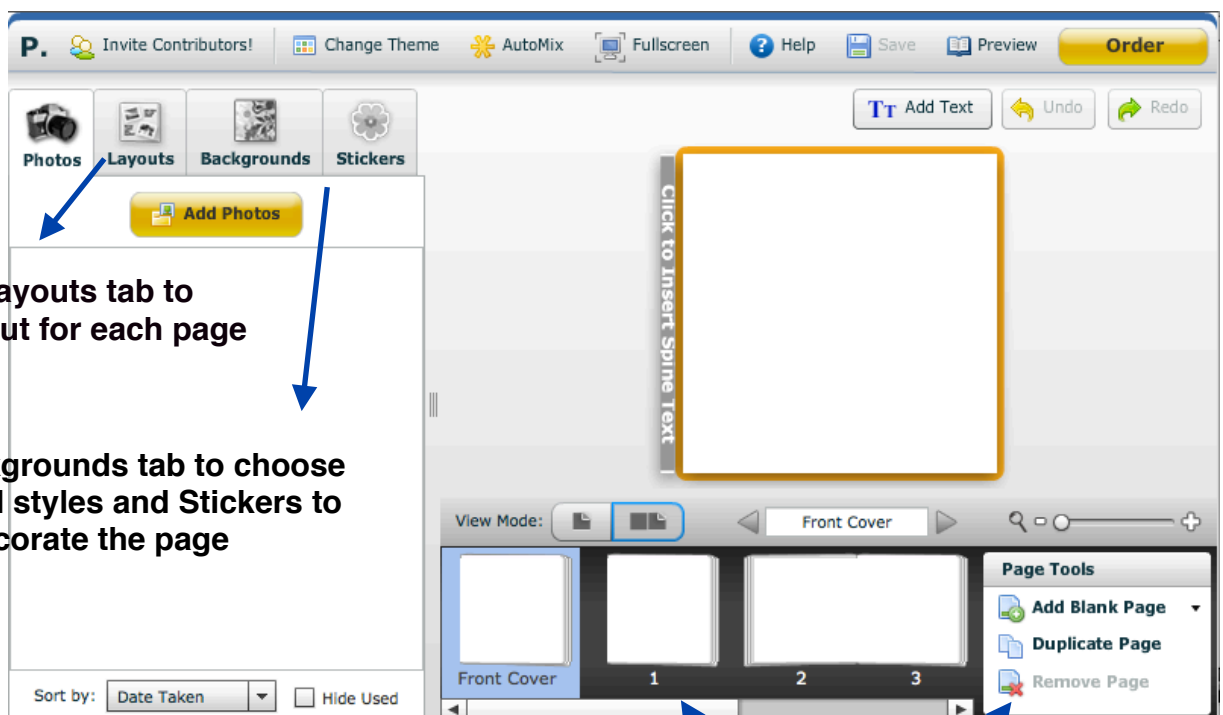

Choose Photos for Your Book

- * Upload from your computer
- * Mixbook photos
- * Facebook photos
- * Flickr photos
- * Yahoo photos
- * SmugMug photos
- * PhotoBucket photos
- * Picasa photos

Click on Layouts tab to choose a layout for each page

Click Backgrounds tab to choose colors and styles and Stickers to decorate the page

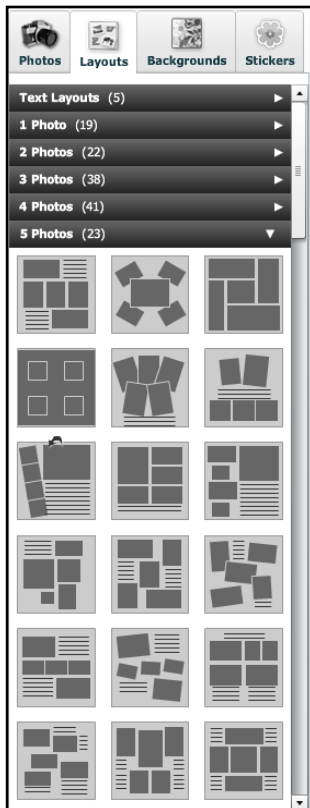

Choose which page to work on and add more pages here

Layouts, Background, Stickers and More

Choose **Layouts** with **Text** or **Photos**. Layouts include **one photo** to **twenty-one photos** for each page.

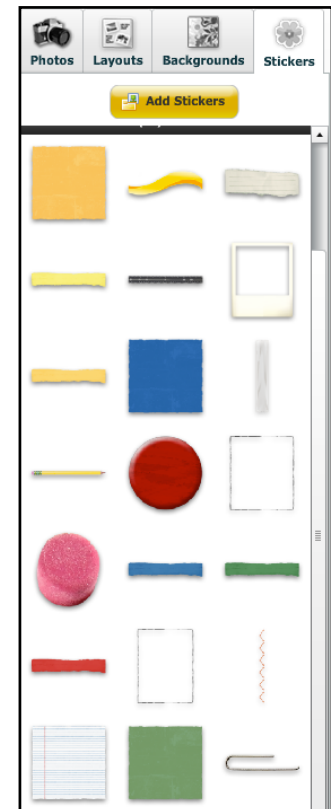

Choose a **Theme** for your Layout. Several **Education Themes** are available.

Choose from nearly two hundred **Backgrounds** for your book.

Choose a variety of **Stickers** to decorate your book.

EDITING TIP:

Once your images are placed in the layout, you can continue manipulating them by selecting each individually. You can edit and personalize the previously chosen layout by rotating the frames, and changing their color, width and style. You can also zoom in or out of each image within a frame or send the entire image with frame to the back or bring it to the front of the page.

Publish Your Mixbook

Click on Publish on your profile page or on the editing page. Then complete the information on the Publish This Mixbook page. Be sure to tag your book with words describing your book and the category others might easily find your book when searching. When finished, Click Publish Mixbook!
